My toy is a school bus.

It looks silver and yellow.

It has big wheels. The

toys. Wheels can roll.

My school bus toy is my favorite

because it's kind of like a
winner truck.

I went to the Rikon Valley park

with my family. First, I walked

③

across the bridge. Next, I went to

build some sand castles. After that, I went

to the playground to play

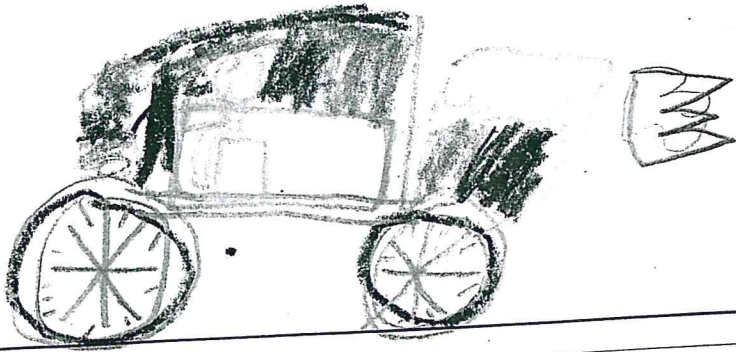

with the high jumpings and high

slides. Last, I went play the with the

season. I feel very happy. I

wait to do it again soon.

My special thing is a truck.
It is cool. It is a Lego monster
truck not an ordinary truck. It
is a small black and white truck.
My truck has a door that can
open! My truck is special because
I got it for Christmas.

A fun day

4

I had a fun day at my first
softball practice. My mom went to
the wrong school so we were late.

My sister Charlotte came with us.

I met the people on the team. They
told me the team name. It's dragons. I
played catch with girls named

Sidney and Kooper. Before practice
ended I did ground balls and

4

practiced hitting. I really liked going to my first soft ball practice.

One of my favorite toys is a Lego

helicopter. Actually, it has TWO rotors and

it is mostly blue with red. My helicopter

ters rotors have stripes ends with red

and grey. My toy can move swiftly

because the wheels in the front can turn

but the back wheels can't! My helicopter

is my favorite toy because you can spin

the rotors without touching them.
